ELIZABETH O. WARFEL,
Auditor

Report of Forest Fire Warden

Everyone apparently fears fire but too many are careless with it. This is particularly true of fires in or near woodland. Official figures show that more than 98 per cent of all forest fires results from human carelessness and can be prevented. Consequently, we may say "Forest Fires are our most shameful waste."

Annual forest fire losses are tremendous and their effects are far reaching. Such fires destroy the raw products of the forest, the protection forest provides for game, and the supply of ground water. They upset the local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Your local warden and his deputies are doing an excellent job in trying to prevent this shameful waste, but they must have the co-operation of the public and this means YOU. Remember, there are laws that cover the making of a camp fire, also the burning of rubbish or debris, and also the burning of brush whether this is on your land or land of other people, and to disobey these laws can cost you a great deal of money. So please see your local warden and he will tell you how to burn the rubbish, also when you can burn it, and also issue you a permit to do so if conditions are right.

In the "Keep America Green" program, there is a story of two bad boys who cause most of our forest fires. The first one we will call "I don't care." He is the person that builds a fire anywhere, never gets a permit to burn brush, or has a safe place for his home incinerator. He also is very careless with matches and cigarettes. The other one is called "I don't know any better" and the best way to describe him is he is a plain dunce. It is only with your help that these two bad actors are controlled. Their carelessness can be the cause of our valuable woodland being destroyed by fire. Even your homes can be burned by their carelessness.

It is up to you and you to report these two characters to your local forest warden whenever you see them operating. Remember, it is with your co-operation that this shameful waste of timber and money can be stopped.

1957 fire record — Number of fires, 2; acreage burned, 2/5; number of burning permits issued, 29.

Forest Fire Warden

REPORT FROM THE WHITE MOUNTAINS REGION ASSOCIATION

"Twenty Years of Progress" — 1938-1958

It is a pleasure to be able to report on the twentieth year of successful operation of your Region Association. Reaching this milestone shows a solid record of accomplishment and mutual co-operation between the towns and the Association.

For a long time nobody knew how to *prove* that real *hard cash* was coming into the area from our efforts. However, for the last three years we've run an annual survey of people previously contacted in some way, to find out if they ever did come here and spend any money. Much as we've always believed in this work, we were still amazed at the extent of income indicated by the survey returns. Every time, just a few parties out of the survey sample would prove to have spent around three times as much in this region as the total of all the town appropriations! Careful estimates indicate over half a million dollars a year are being spent here by people contacted through Region publicity. It that sounds like baloney, remember that the whole state does a 210-million dollar vacation business!

Demands on our literature — in which every town is represented in every folder — have never been so heavy. To cite one example, our Fall Foliage promotion (remember those bright red 'leaves' you saw on the roads? We put 'em up) got attention from as far away as Texas and California, and we had to print up an extra 3,000 foliage maps in a hurry. A card we had placed in Samsonite luggage stores across the country brought in another 3,000 replies in addition to our usual requests for Region folders. All told, we've sent out as usual around 100,000 pieces of material, plus pictures, news stories, radio and TV 'plugs.' We've helped all we could to promote community events here at home, while spending a good deal of time at shows and exhibitions in major cities (we are adding a new one this year, Cleveland).

The 4-H Awards Program continues to be successful and popular, and over 75 clubs throughout the region are helped and encouraged through it in this very worthwhile work by cash awards, trophies and magazine subscriptions to clubs, members and leaders.

A lot of work has been done on transportation, a very serious situation here. Active work has been done trying to save what we can of our rail passenger service. Much correspondence and attendance at hearings have been aimed at improving the airline service. We have been working with the bus companies planning a campaign with them, since the rail situation seems to be so shaky. We have kept in close touch with the highway situation, hoping Region roads may receive necessary attention.

The items above are brief highlights, and there is much more going on continuously. This is a full-time, year-round effort aimed at benefiting *you* and *your town*—that's the only reason this Association exists, to bring about conditions that bring in money that eases the tax 'bite' on your pocketbook. Your support makes it possible, and we thank you for it.

Respectfully submitted,
David S. Cassedy, Executive Secretary

School Warrant

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the town of Albany qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 11th day of March, 1958, at 1:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
6. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district and to authorize the application against said appropriation of such sums as are estimated to be received from the State equalization fund together with other income; the school board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
7. To see what sum of money the district will vote to raise and appropriate to the original appropriation for the 1957-1958 school year. This sum to be made available to the school district prior to July 1, 1958, in order to meet unanticipated obligations caused by an increase in enrollment.
8. To see if the district will vote to appropriate any unencumbered surplus funds of the district remaining on hand June 30, 1958, to be used during the current school year to meet obligations caused by an increase in enrollment.
9. To see if the district will vote to authorize the school board to enter into a contract for a period not to exceed three years for elementary and secondary tuition purposes with the Conway school board.
10. To see if the district will vote to transport high school children.
11. To act upon any other business that may legally come before this meeting.

Given under our hands at said Albany this 19th day of February,
1958.
